Byte Me! Computer Services

Diagnostic • \$79

We get to the heart of the matter and root out the problem through a series of system checks and diagnostics. Cost waived on repair once we find the solution, we'll advise you on the best course of action for you to take to get your PC back into shape.

Computer Cleaning • \$19

The accumulation of dust and dirt particles in your computer can shorten the life of your PC. These particles block essential airflow to the system which causes the processor and hard drive to overheat, creating irreversible damage. We'll clean your computer top to bottom, inside and out.

Computer Tune-Up • \$149

Put a little kick back into your machine. We will clean up your task bars, tool bars, junk programs, adjust start up programs, remove temporary files, defragment the hard drive, Windows updates, check and update your anti-virus program. Additionally, we will look into possible upgrades to your system to get you running faster and advise you of the possibilities. Finally, we will remove dust from inside and outside your computer, and clean the case exterior.

Clean & Purge • \$49

Worried about your confidential information when reselling, donating, or discarding your computer? We'll give you peace of mind by removing all files from your computer with a process that is unrecoverable. Don't give away your confidential information.

Operating System Install • \$139

Installation Windows OS that best suits you and your computer. We install all drivers and Windows system updates. OS Software not included. We also install free virus protection (other options available)

Virus, Spyware & Malware Removal • \$79-\$149

We will remove all viruses, spyware, malware and other vicious software. If necessary we will reinstall your Windows operating system. We will install all system updates and install free virus protection (other options available)

Wipe 'N Load • \$149

When your computer is just too far gone to repair, start fresh! We clear your computer of all files and load your operating system fresh to breathe new life into your PC. Includes installation of all drivers for your computer and check for all available updates to Windows are performed. We also install free virus protection (other options available).

New Computer Junk Software Removal • \$69

We start by performing all Windows updates. Then, we will remove all unnecessary pre-installed software. Lastly, we will install your antivirus software and make sure all updates are installed. We will create user accounts if desired and recovery disks if required. We will optimize startup and configuration. Best paired with our data migration service.

In-Home Computer Set-Up • \$149

We physically set up your PC, with monitor, keyboard, mouse, speakers and surge protector. We will get your computer connected to your internet provider as well as one email account. Additionally, we will also hook up one printer. Other peripherals can be hooked up as well at a nominal fee.

Data Back-Up Setup • \$39

Let us help you protect your data. We will discuss with you the best method of back-up for your needs and implement on your computer. Does not include the cost of back-up device.

One-Time Data Backup to Your Device • \$99

Save secure copies of your computer's files in case of a severe crash. We backup one user's essential files (My Documents, Desktop files, Outlook or Outlook Express). Additional users backed up at a rate of \$69 each.

Online Data Backup • Starting at \$2.50 per month

We have an extremely easy to use remote data backup solution, designed to protect your critical data from permanent loss, including documents, pictures and other important files. There is no limit on how many computers you can back up.

Data Migration • \$99

Bought a new computer and wondering how to get all your files moved over? We can help with our data migration service. We transfer one user's essential files (My Documents, Desktop files, Outlook or Outlook Express) to your new computer and put them back in place for you. Additional user's migrated at a rate of \$79 each. Does not include programs, these must be installed from your original disks. This service included free when you purchase a computer at Byte Me! Pairs great with our New Computer Junk Removal!

Software Install • Online \$49 • In Store \$29

We install one software suite and the installation of all critical updates for the software suite. Software not included. All your installation headaches are ours now!

Hardware Install • \$49

We'll install any one PC compatible internal or external hardware device onto your desktop or laptop. Graphics/video card, memory, hard drives, and optical drives are all viable candidates for installation. Hardware not included.

Hardware Repair • (price varies)

We can repair or replace all kinds of computer hardware, including motherboards, hard drives, video cards, sounds cards and others. Diagnostic required.

Data Recovery • \$99

Your data's not lost. If for any reason you need us to recover data, bring your computer in and we can copy files for you. Recover files from hard drives, USB drives, memory cards, iPod's, MP3 Players, Digital Voice Recorders and Smart Phones. If there is physical damage to the drive we can advise you the best way to recover your data.

Laptop Screen Replacement

If your laptops screen is cracked or broken we can replace it. Price for screen varies with each laptop. Labor to replace screen is \$85

Remote Online PC Repairs

Remote PC repair. Have your PC repaired as you relax in the comfort of your home! Call to see if the problem you're having can be fixed remotely.

Insurance Estimate • \$99

We can provide an estimate for insurance purposes. We provide you with an accurate estimated cost for repair needed. Forensics and cause of damage not included.

Computer Taxi Service • Starting at \$29

If your computer is in need of repair and you can't bring it in, we can pick it up for you. We will repair it, bring it back, and set it up for you. Availability based on geographic location.

Byte Me! Internet/Web Services

Web Hosting & Email Services • Starting at \$100 per Year

We can host your business or personal website on the World Wide Web. We can also provide email services at your domain. Get your own website control panel with an abundance of configuration features. We can set up a new website for you or transfer your existing site.

Web Design

We are professionals in web design! We can create a simple one page website for as low as \$50, a medium size website to display your products or services, or a full ecommerce website selling your products online.

Email Setup • \$29 (Online or In-Store)

We will connect and configure one existing email account to your computer or mobile phone. You must provide correct email address with password.

Byte Me! Network Services

Wireless Networking • \$89 (includes 2 devices-additional \$49 each)

Tired of being confined to one location with your computer? Go wireless! We will set up, configure and secure your router. Install and configure a networking adapter on computers, laptops, printers and phones. This price does NOT include fixing existing problems with computers and laptops. This service is priced for In Store setup; if a service call is required additional fees will apply.

Network Wiring

Estimate provided upon review of premises and requirements.
